

Final Delivery: Team Assignment 10

Published

Edit

Note this assignment is due on a Friday, not a Tuesday or Thursday.

Make sure absolutely everything has been committed to your github repository and all other materials such as your task board have been updated. Then show a final **complete** demo to your team mentor, and tag the corresponding files on github. Note this is in addition to your short "showcase" demo on demo day.

Each team should submit a single file, i.e., one member should submit. The name of your file should include your team name, and the contents of the file should also include your team name. Otherwise all the file needs to contain is a statement that you are done.

- Points** 10
- Submitting** a file upload
- File Types** doc, docx, pdf, txt, xls, and xlsx
